Id2a influences neuron and glia formation in the zebrafish retina by modulating retinoblast cell cycle kinetics

Rosa A. Uribe and Jeffrey M. Gross

An error was published in Development 137, 3763-3774.

On p. 3764, the Id2a morpholino sequences were incorrect. The correct sequences are:

Id2a-MO, 5’-GCCTTCATGGACACGAGTTTC-3’; and Id2a-MM, 5’-GCGTTGTGTTCCAAGCAGAATT-3’.

The nucleotides in bold differ from the published ones.
