

## CORRECTION

# Correction: R-spondin 1 is required for specification of hematopoietic stem cells through Wnt16 and Vegfa signaling pathways (doi: 10.1242/dev.139956)

**Jamie R. Genthe and Wilson K. Clements**

There was an error in Development (2018) **145**, dev139956 (doi: 10.1242/dev.139956).

On p. 598, the incorrect sequences for the *wnt16* primers were given.

The correct primer sequences are: *wnt16* forward, 5'-ACCGTTCCAAACGTAAGGTG-3'; *wnt16* reverse, 5'-AGCAATAATTGGGCG-ATTTG-3'.

The online version is correct.
